Education

Sabancı University

Sept 2020 – June 2025

B.S. Computer Science & Engineering

Minor in Business Analytics

- GPA: 3.15 / 4.0
- 50% Merit Scholarship — National University Entrance Exam
- Relevant Coursework: Machine Learning, Natural Language Processing, Artificial Intelligence, Algorithms, Data Structures

Experience

AI & Data Consultant

Istanbul, Turkey

Ernst & Young (EY)

Aug 2025 – Present

- Developing AI-driven approaches for **automated data quality assessment and anomaly detection** across enterprise-scale datasets.
- Built **NLP-based data quality modules** enabling semantic validation, column classification, and anomaly detection in multilingual text data.
- Contributing to a **global HR transformation program** supporting SAP SuccessFactors implementation and enterprise HR data migration.
- Performing **data validation, reconciliation, and governance checks** to ensure consistency of employee master data across systems.

Data Architect

Istanbul, Turkey

Akbank Teknoloji

Mar 2025 – Aug 2025

- Designed and maintained enterprise **data models** using PowerDesigner.
- Conducted **SQL-based schema validation and impact analysis** across banking data systems.
- Supported ETL workflows and collaborated with analytics teams to ensure **data integrity across pipelines**.

Research Assistant

Espoo, Finland

Aalto University

Jul 2024 – Sep 2024

- Conducted research on **Federated Learning architectures** and privacy-preserving machine learning systems.
- Implemented prototype FL models and analyzed convergence under heterogeneous data distributions.
- Collaborated with international research teams and documented findings for academic dissemination.

Skills

Languages: English (Advanced), Turkish (Native)

Technical: Python, SQL, Machine Learning, NLP, Data Quality Frameworks, Anomaly Detection, Azure AI Services, SAP SuccessFactors (Data Migration), PowerDesigner, Data Modeling, ETL Validation
